

## Head Start School Intervention Project

### My Body: Obstacle Course

**Goal of activity:** Children exposed to violence may have difficulty with planning and organization. This activity provides an opportunity for children to practice using planning and organization skills.

**Approximate length of activity: 10 – 15 minutes**

**Materials:** Variety of gross motor equipment (tunnel, mini-trampoline, a mat, hula hoops, balance beam, objects that students can crawl under, climb over, move around or walk behind).

#### **Instructional Procedures:**

- The teacher/aide will set up a variety of equipment in a circle formation.
- The teacher/aide will then demonstrate how to go through the obstacle course using words such as, “over”, “under”, “around”.
- The teacher/aide will assist children in using a variety of movements such as crawling, jumping, running, skipping etc).
- Allow children to have more than one chance to use the course.
